

Iowa Department of Human Services

Iowa SIM Design Grant

April 18, 2013

SIM Goals

- Hold total health care cost growth to less than 2%
- Reduce costs for those engaged in integrated care models by 5-8%.

Medicaid ACO Strategies

1. Execute a multi-payer value-based purchasing methodology
2. Expand to address integration of Long Term Care Services and Supports and Behavioral Health Services
3. Employ Population Health and Health Promotion

SIM Activities

April – September 2013

- Stakeholder Workgroups and Listening Sessions
- Develop a State Health Care Innovation Plan (SHIP)
- Develop a Model Testing Proposal
 - Potential for a SIM Testing Grant award

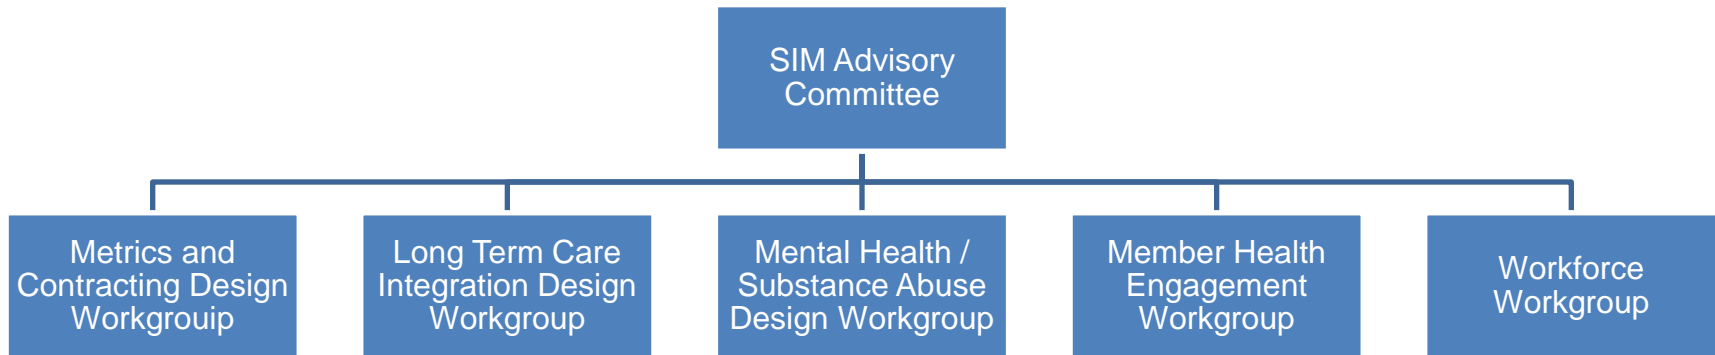

Technical Assistance for Stakeholder Process

Iowa has selected Health Management
Associates (HMA) to assist:

- Facilitate stakeholder process
- Support Medicaid administrative work

Stakeholder Process

- Appointees within each workgroup will help to inform the three SIM Strategies for the SHIP
- Appointments will be finalized by end of April, working with DHS and Governor's office

Stakeholder Process

Listening Sessions:

Conducted by DHS for key stakeholder groups including, but not limited to:

Learning
Sessions in
person and via
Webinar

Local listening
Sessions across
Iowa

Meet with
Consumer
Groups

Meet with other
Advisory
Councils,
including MAAC

Presentations or
meetings as
requested

Medicaid ACO Website

- A SIM Grant /ACO website will soon be announced with information related to the Stakeholder sessions and schedules.
- Until that website is established, material for this learning session will be posted to:
<http://www.ime.state.ia.us/Initiatives.html>
